Bey and Jay's #yachtlife

Gee, being a member of the Carter clan is a tough gig! After all, whooping it up on a \$72 million superyacht – which boasts a helipad, ensuite bedrooms, outdoor jacuzzi and a bar stocked with high-end booze – sounds like hell on earth, right? Yeah, who are we kidding?!

Pop royalty Beyonce, Jay Z and their adorbs tot Blue Ivy couldn't resist proving to us that life's just one long, luxe, sun-soaked vacay, documenting every single five-star moment of their Mediterranean adventure via a flood of amazing pics on social media. They may have 99 problems, but a cash shortage ain't one!

At 267sqm, the boat could even house all their Grammys!

How great is Sam Frost?!

We were all a little nervous about the first Aussie season of *The Bachelorette* – but let's just say we haven't been disappointed!

Sam is so sweet, hot and genuine – as one of her eager Bachelors remarked, "What a legend!"

And if, like the NW-ettes, you're obsessed with everything *Bachelorette*, you won't want to miss this week's cover story (page 18).

In fact, we've got a little somethin' somethin' for everyone in the mag – from Selena's banging body secrets (page 8) to the best of the Emmys red carpet (page 50) and all of Hollywood's latest love dramas.

But, of course, no issue would be complete without a tribute to Zac Efron's, er, eight-pack. Yep, it's a thing! See it for yourself on page 24.

Enjoy!

Sel hit back on social media in April when body bullies slammed her curves after a beach holiday in Mexico (above). "I love being happy with me yall #theresmoretolove" she wrote.

She's rocking her best body ever after calling in the big guns – her girl-crush Jen Aniston!

Sel's taken
the ultimate
revenge on her
body haters

**Weigh
to go!**

Suddenly Selena's
in the best shape
of her life.

ena 9KG weeks!

Woah! Move over, Kylie Jenner – there's a new beach babe in town! After body criticism for her fluctuating weight left her

self-esteem in tatters, Selena Gomez had had the last laugh, unveiling her hot new rig as she emerged from the surf in Miami.

"I feel very empowered and confident where I am!" the 23-year-old says.

20 pounds [9kg] in the space of a few weeks."

And it's all down to her idol Jennifer Aniston! Yep, forget the Master Cleanse and cabbage-soup diet – her slimmed-down frame is thanks

to her mentor's menu!

When Sel reached out to the star, who she turns to for "maternal advice", Jen swiftly served up a health and fitness overhaul that, thankfully, didn't involve the baby food the 46-year-old star is said to have lived on during one of her more extreme weight-loss attempts.

After kicking off her day with a fat-burning concoction of warm water and lemon, Sel enjoys a balanced meal plan

Jennifer's belly-busters!

It's easy to see why Selena's lapping up her salad days! "I'll have a cup of coffee, feed the dogs, then [have] a shake, eggs and a little avocado and a little coconut oil on Ezekiel wholewheat toast," Jen says of her brekkie routine. "Perfect salad – bulgur, cucumbers, parsley, mint, red onion, chickpeas, feta cheese and pistachios." Suddenly, we're craving a diet, too!

Healthy brekkie

The perfect salad!

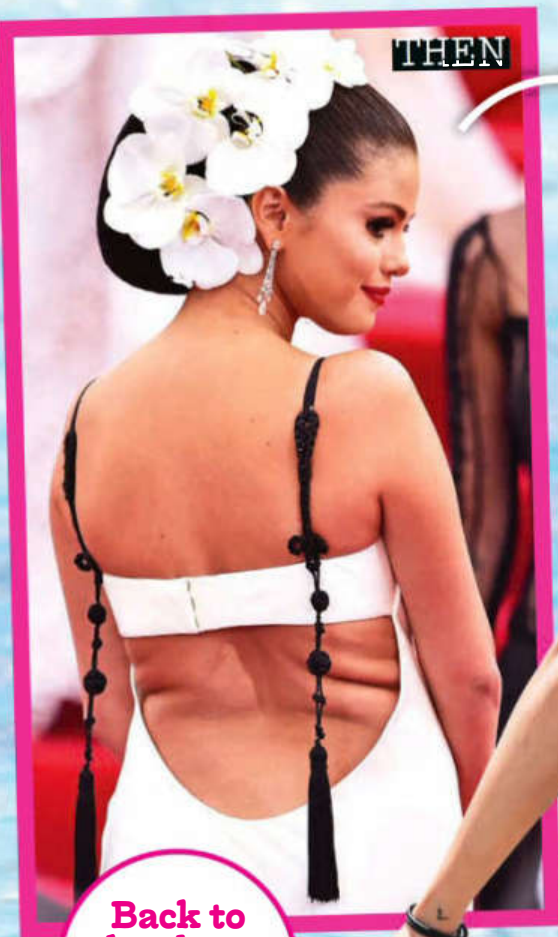

Work it!

"I do 20 to 30 minutes of cardio and then an hour of Barre Method," Jen says of her workout.

NOW!

THEN

Back to her best

What a difference a few months have made!

'SELENA'S LOST NEARLY 20 POUNDS'

that focuses on protein, healthy fats and wholegrains. Yep, she looks like this *and* eats carbs!

"She drinks 10 glasses of water a day and has meals prepared for her that are packed with legumes, lentils and coriander," our insider says.

"Wholegrains, yoghurt, fish and turkey also feature heavily, and she loves egg-based muffins and has made them herself with cheese or whatever she feels like."

And it gets even better for Selena! She's achieved her bangin' new body without having to punish herself mercilessly on the treadmill.

That's because Jen's exercise of choice these days is Barre Method – which Selena's embraced with a vengeance by signing up with trainer Jennifer Williams.

And it seems we're not the only ones who've admired the amazing results. There are reports that Sel's ex Justin Bieber has been blowing up her phone after seeing just how incredible she looks right now.

And although Sel replied, "I don't know" when asked recently if she'd ever reunite with her toxic ex, she'd win any heart looking like this.

And obviously Biebs would have a lot of competition! ■

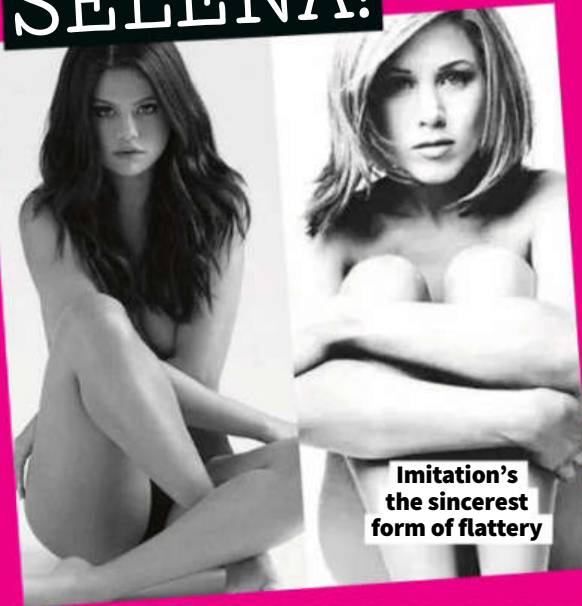

SINGLE WHITE SELENA!

Should Jen be worried? If slavishly copying her super-healthy lifestyle wasn't enough, Sel's also borrowed Jen's style! #Superfan.

Selena has revealed that she based the artwork for her new album *Revival* on an iconic snap of the *Friends* stunner!

"#myidol," she tweeted, posting the two shots of the naked beauties. Obviously Sel's body-image issues are now a thing of the past.

"I'm very comfortable in my skin," the singer and actress says. "I'm so proud of everything that I've done."

Imitation's the sincerest form of flattery

'She's very cool and very sweet. She kind of gives me a lot of, like, maternal advice,' Sel says of Jen

Having once swung a punch at Justin Bieber for allegedly hooking up with his estranged wife

Miranda Kerr, Orlando Bloom getting his own back – twofold!

After being linked to the lothario's long-time love Selena, Orlando, 38, is said to be dating Justin's other ex – 19-year-old Kendall Jenner!

Insiders reveal their unlikely romance has been going on since July, when the pair met at a party in West Hollywood. But although they've since been seen together at Malibu's Bui Sushi restaurant, the couple are anything but serious – well, on his part, anyway.

“Orlando has told Kendall he's only available for the occasional booty call,” our exclusive source explains. “She's got it in her head that if they spend enough time together he'll fall in love with her and change his mind about getting serious.”

Don't hold your breath, Kenny!

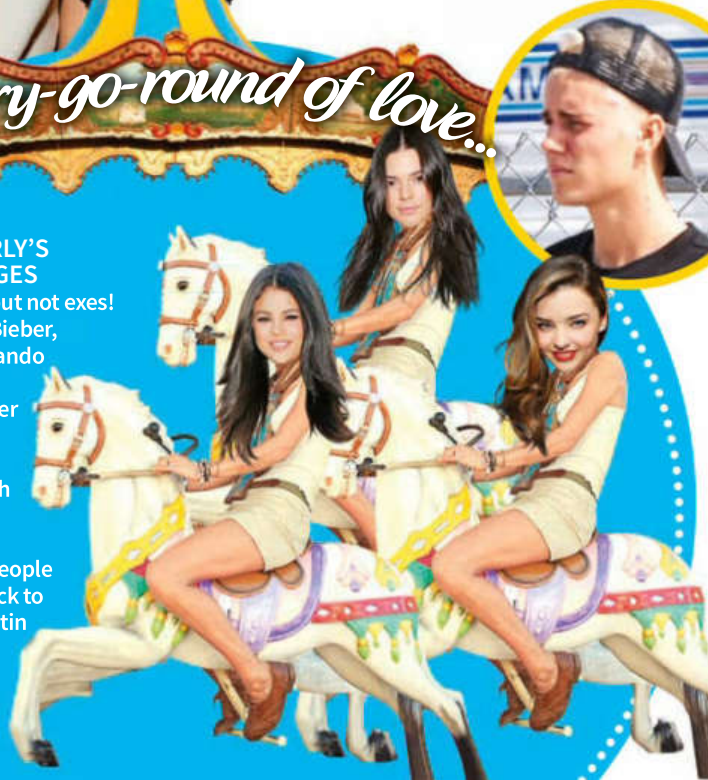

The merry-go-round of love...

JUSTIN AND ORLY'S WEIRD EX-CHANGES

It's polite to share – but not exes! Just ask poor ol' Justin Bieber, who's seen pants man Orlando Bloom bed not one but *two* former flames – Kendall Jenner and Selena Gomez! What's more, it's all in retaliation for Biebs's rumoured hook-up with Orly's ex Miranda Kerr in 2012! “Justin hates him because he heard Orlando's been telling people he got with Selena as a payback to Justin. That really pissed Justin off,” says a source. Now Orly's seeing Kenny, the gloves are *really* off!

Blooming romance?

Orlando's up for booty calls only, he tells Kendall.

Faces like thunder show the true strain of their creaking marriage

Victoria Beckham held on tight to her husband David – literally and figuratively – as they left her flagship London boutique.

But despite their public show of unity, we can reveal that the couple endured their “worst fight ever” shortly before celebrating the anniversary of the opening of Posh’s store last week.

Now, just like she’s done in the past, the designer has vowed to “do whatever it

takes” to save their marriage. After all, not only do they have their four gorgeous children to think of – Brooklyn, 16, Romeo, 13, Cruz, 10, and Harper, four – but their multi-million-dollar brand’s at stake, too.

“She loves that man and thought things would be better when he retired, but the opposite has happened,” a source close to the tight-knit Camp Beckham confides.

“Now they spend even less time together than when he was playing pro football.”

WORST ever!

Indeed, the swanky event was the first time the couple have been seen together in public since the latest reports of marital strife began to surface.

Their hectic schedules and Becks spending an increasing amount of time with new besties Rosie Huntington-Whiteley, Jason Statham and Henry Cavill are just two of the wedges reportedly driving them apart.

Her family means the world to Victoria, so she's understandably devastated by the distance growing between her and David,

40. And despite pictures showing she's having a tattoo dedicated to her hubby removed from the back of her neck (insiders insist it's more of a fashion decision), Victoria,

41, is now hellbent on mending the rift in their 16-year marriage.

"She's admitted to pals things have been tough as they've been spending so much time apart but is

determined to make things work," says another insider. "She loves David and the family they've raised together and says they won't let it break." ■

COREY CAUGHT Kris's mum's man!

Corey is lapping up all the extra attention – and returning her affections!

“Corey can’t take his eyes off Kourt when they’re together – it’s getting quite obvious,” a family insider reveals to *NW*.

“Anyone who knows Corey will tell you he has a huge sexual appetite and a major thing for Kourtney. It’s going to get even more intense because they’re spending heaps of time together now.”

It certainly seems like Corey is slotting nicely into 36-year-old Kourtney’s new single life – not to mention looking very comfortable taking on daddy duties as he carries Penelope on his hip.

And while Kris thinks their flirting is just a bit of harmless fun, the 59-year-old also doesn’t want to risk her eldest daughter staying single for too long.

Kris even recently admitted she hopes Kourt will bury the hatchet with her troubled ex Scott, who the momager once called a “piece of shit”.

“My wish is that, you know, they work it out and figure it out and we’ll see what happens,” she said. “[Scott] is a great dad and he loves the kids and he loves Kourtney. I love him.”

It’s safe to assume Kris loves Corey, too and would no doubt see red if he and Kourtney took their flirting any further.

“Corey is very quickly becoming a part of the family,” dishes our source. “But the way he fawns over Kourtney, you’d think he was dating her rather than her mum.”

It certainly gives new meaning to the concept of keeping it in the family... ■

He’s just not that into Kris!

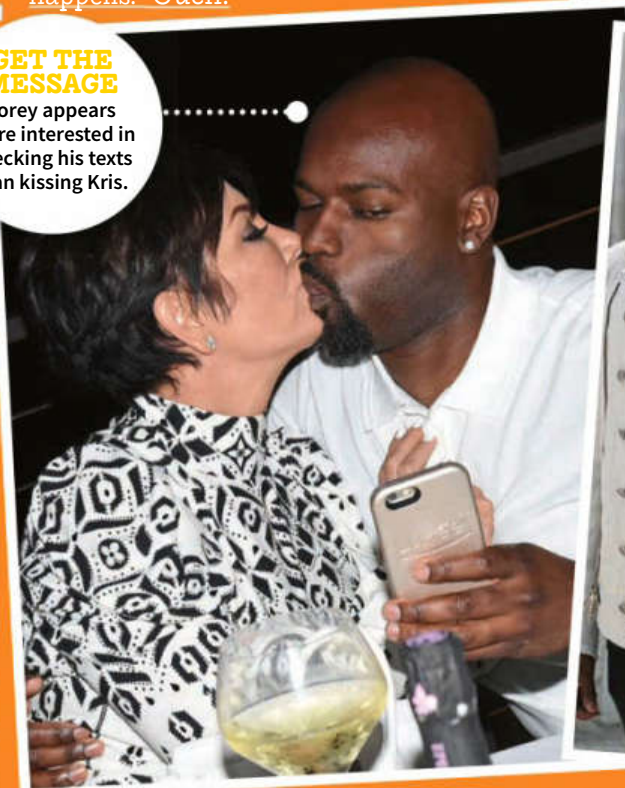

Kris may have a reason to be worried about her future with Corey – especially if Corey’s less-than-enthusiastic appearance in her company is any indication. What’s more, Kris’s sister Karen Houghton seems to think he’s more a friend than a lover. “Corey’s like a companion,” says the 56-year-old. “I’m glad she has him, because she needs that companion right now.”

But while she does think the matriarch will meet a wonderful man one day, she isn’t convinced Corey’s that guy.

“She feels better when a man’s around,” Karen adds. “So we’ll have to see what happens.” Ouch!

Corey appears more interested in checking his texts than kissing Kris.

ALL OUT OF LOVE

They’ve been dating since last November, but is the honeymoon over?

Yep, her psychic pal reveals the wild child wants one of her own

She once said she'd "love to be the new Angelina Jolie" – and now Miley Cyrus is making good on that vow! Yep, after getting involved in charitable work like her humanitarian idol, and mothering a brood of pets, it seems Miley's ready to adopt a baby of her own!

"I see Miley adopting in the next two to three years – a child from a foreign land," celeb insider and Hollywood psychic Thomas John – whose clients include Jennifer Lopez and Courteney Cox – told *Hollywood Life* last week.

And his prediction isn't such a huge stretch!

"Miley's at the point now where she just doesn't believe she's going to find true love in a partner and she's convinced a baby will give her what the guys and girls in her life can't," reveals a friend. "She's got her heart set on adoption

because she really does want to do it on her own with no ties to anyone."

Granted, 22 is kinda young to be considering motherhood, but Miley certainly has a track record of getting on with things early. Not only did she start working when she was just

11, but she was also got engaged to Liam Hemsworth at the tender age of 19!

What's more, Miley's clucky side came shining through when she

was snapped getting all maternal with eldest Hemsworth brother Luke's daughters Holly, Ella and Harper Rose back in 2013!

"She's not sure if she'll adopt from another country, but for now she wants to know what's involved," continues our insider. "She's heard it can take as long as two

years, so she wants to get the paperwork filed as soon as possible."

Well, Miles – sounds like it's time to peel off those nipple pasties and settle down! ■

CHRISSY 'I CAN'T FALL PREGNANT'

They have one of the happiest marriages in Hollywood, but Chrissy Teigen has revealed that she and hubby John Legend have been battling fertility issues for years!

"John and I were having trouble. We would have had kids five, six years ago if it had happened," she divulged while co-hosting an episode of talk show *FABLife*. "But, my gosh, it's been a process... We've seen fertility doctors and once you open up about those things to

other people, you learn that a lot of other people in your life are seeing these people and they have this shame about it."

And at the end of her tearful reveal – which she hoped would prompt people to "stop asking" about her pregnancy plans – the 29-year-old model found herself overwhelmed with messages of support.

"Regarding the IVF business, I have never gotten so many kind, encouraging words in my life," she tweeted.

Broody brunch

Ten years after Ange adopted Zahara, it's time for one more.

After years of speculation that Brad Pitt and Angelina Jolie would be expanding their already six-strong brood, reports have emerged that they've prepped the paperwork to adopt a bub from Syria!

According to an insider, after travelling to the Middle East as part of her role as a UNHCR Special Envoy, Angelina became so smitten with three orphaned Syrian brothers, she wanted to adopt them all – but brave Brad put his foot down.

"Going from six children to nine was just way too much and Brad was concerned about how it would impact their other kids," spills the source, revealing they compromised and agreed to adopt a little girl, who they hope to introduce to the world soon. "It's been a very long process to adopt... The red tape has been almost impossible at times. It could take at least another four to five months before the child is brought to the United States."

Ange has been touched by the plight of Syrian children

SCANDAL!**

Along with Sasha and Richie, perfect gentleman Michael looked set to be one of the last men standing. But a jokey Instagram post – which pokes fun at a pregnant woman looking for love – probably isn’t the best way to win a gal’s heart. He’s since wised up and deleted the post. But is it too little, too late?

OH SNAP!
The controversial baby bump pic is not the only thing Michael got rid of! He’s also taken down a pic of himself with Emily from *The Bachelor*, making us wonder if he’s already moved on – after all, Em hasn’t deleted the shot from her account. Is Michael “The One” who storms off the show for good?

Bachelorette DUMPED

Sam’s left gutted as her ‘chosen one’ walks out

After getting her heart broken so publicly by last year’s Bachelor Blake Garvey, it’s no secret that gorgeous Sam Frost dug deep to find the courage to put herself out there as Australia’s first ever Bachelorette.

But rumours are now swirling that her worst fears about being deserted are once again realised when her favourite fella sensationally walks out on her in the coming weeks!

“She didn’t see it coming and it knocked her so badly we had to stop filming for days,” a source tells NW. “It felt like Blake all over again.”

Indeed, 26-year-old Sam told us a few weeks ago that she still feels anxious about falling for someone only to have them abandon her.

“I think that’s the biggest sadness about the situation,” she said. “I still have to carry that with me. And I try not to, but I do have that fear they’re going to leave me again.”

And of all the guys seemingly desperate to win her heart, we hear there was one Bachelor in

particular that she felt a special connection with before things took a shocking turn for the worst.

"He didn't realise his pride would be hurt as much as it did when one of the guys came back from a date talking about how he'd pashed Sam," says our insider. "He told the guys he wasn't going to chase her because if she was interested, she'd make the moves."

Apparently, the other guys tried to tell him that although Sam's doing the picking, he needs to do some of the leg work, too. But it was too little, too late.

"There was a stalemate between them and he left," says our insider. "She was gutted... Absolutely heartbroken."

What's more, we hear that Sam is left shocked as she begins to learn more and more about her blokes' true colours. We hear that a picture, apparently mocking a pregnant woman, that was posted on footballer Michael's Instagram account has rocked Sam, who once thought he was a "the perfect guy".

Along with a screenshot of the woman's bump on Tinder, Michael insensitively captioned it, "Say no to tinder baby mummas."

The Bachelorette Wednesday and Thursday 7.30pm on Ten

**Awkward
goodbye**

After failing to receive a rose, David gave Sam a piece of his mind!

Accusing Sam of only dating men for their status was the beginning of the end for David

EXCLUSIVE

Model David 'Sam broke MY HEART!'

He was branded the ultimate poser on *The Bachelorette*, but the international model reckons Sam got him all wrong

After rubbing Sam the wrong way and failing to get a rose, professional model David's feeling the pain big-time.

Upset by what he calls "a misunderstanding", the 31-year-old even tells NW he's taking a break from dating as a result of her rejection.

"It was blown out of proportion. I feel like she thinks I'm something I'm not," he says. "I went in there genuinely, so I feel let down by her because she didn't let me get the chance to explain myself properly."

The booted Bachelor adds that he tried to reason with Sam, but

she was "standoffish" and didn't listen to his side of the story.

"Some of the guys felt pressured because they don't have the same status as Michael, in terms of his successful career,"

he says. "So when they were talking, I just tried to explain to her that some of them would like to have more time with her."

Despite Sam feeling he was being disrespectful to Michael, 34, by butting in, David is adamant he's a fan of the soccer player.

"Michael is one of my best friends from the house," he says. "I thought I was acting in the best interests of everyone, but apparently I broke 'bro code'."

**'I FEEL
LIKE SHE
THINKS I'M
SOMETHING
I'M NOT'**

What's more, David reckons his cards were marked from day one.

"I heard her say during an interview that she was going to weed out all the models and that's what she's done," he adds. "The truth is, it's usually girls who are always breaking *my* heart, not the other way around."

"It's a common feeling which all started back in high school when I told a girl I loved her to her face and she looked at me and laughed."

Now, after getting so hurt by Sam, David's choosing to focus on his career.

"If there is any future with love, then I'll just play it by ear and go with the flow from now on," he says.

**Claim

The male model

It's bromance central!

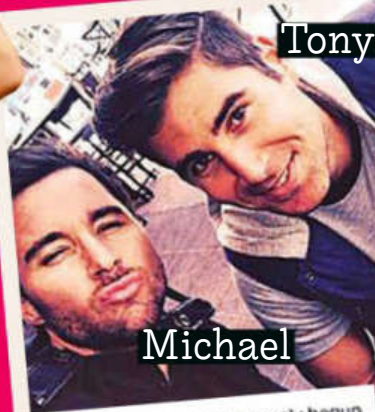

Er... hello, boys. Aren't you meant to be fawning over Sam rather than each other?!

They spent weeks together in the mansion and, well, let's just say it looks like the boys seriously bonded! Yep, while the show was supposed to be all about Sam finding love, she must have been fighting to get their attention considering the bromances that have formed. Even though *The Bachelorette* finished filming months ago, that clearly hasn't stopped the guys from having plenty of bro time!

In good company

From the beach to the races, the Bachie boys are inseparable.

DAVEY... THE NAKED TRUTH

Davey, 25, has tried to show Sam that he's not the larrikin lad she thinks he is. But after pics surfaced of him casually getting naked with his mates and posing in a red bra and lippie, she's right to have her guard up! While we're all for laughs, these kind of antics could put him firmly in the friend zone...

Violated and skittish, Kylie no longer feels safe anywhere!

She's spent her entire life protected by the safe cocoon of the Kardashian clan. But now that she's 18 and a star in her own right, Kylie Jenner's realising how vulnerable she is – and she's taking drastic measures to protect herself.

Things came to a head when a crazed fan violently tugged her hair after a Chris Brown concert in Anaheim, California, on September 19.

"Kylie's living in fear," spills an insider. "It's not just about having her hair yanked that night – the attention on her over the past six months has changed her world forever."

"Her level of fame has exploded almost overnight and she's having to make some big changes in a very short space of time."

Adding to Kylie's paranoia are new allegations from Miami rapper Stitches, who claims they had a drug-fuelled hotel romp before her 18th birthday party in August. He's now gunning for a fight with her beau Tyga.

What's the beef?

"I thought it was a good idea to come at her 'cause – I'm not gonna lie – she ignored me after that day we had sex," alleges Stitches.

ker hell RRED LIFE'

"I did cocaine with Kylie and then slept with her – while she was in a relationship with Tyga," Stitches, 20, sensationally claims in US magazine *In Touch*. "She called me Daddy. She didn't bring up Tyga, not one time."

Stitches also alleges Kylie had sex with their pal InkMonstarr.

The rapper – who penned diss track *Kyga She's A Liar* with InkMonstarr – has threatened to reveal "more evidence" of Kylie's indiscretions, including incriminating texts and a snap of her with InkMonstarr.

And Stitches is clearly out for blood – Tyga's in particular – warning that any retaliation from the 25-year-old rapper would be "a death wish".

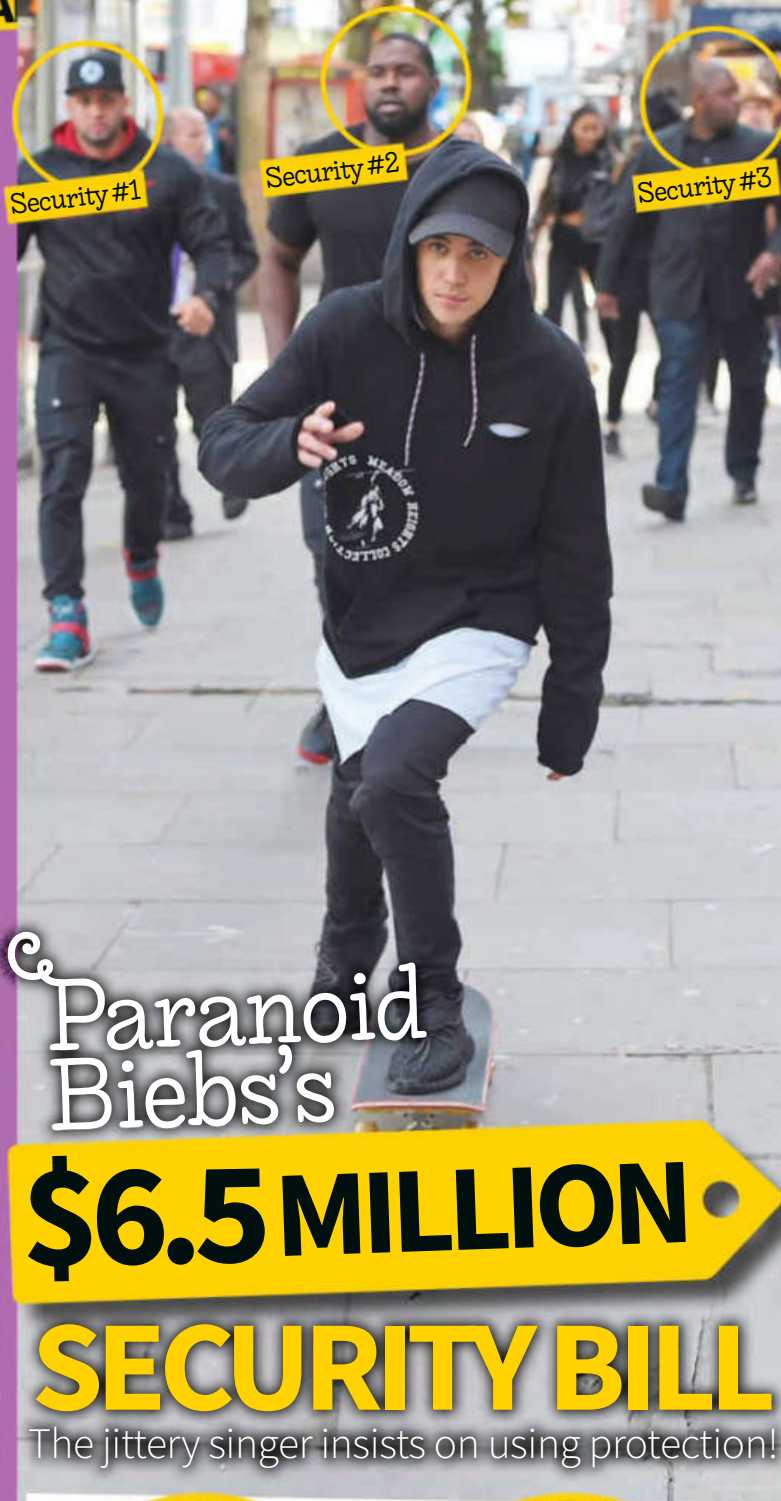

"Tyga can come see me whenever he wants," he adds. "I'll beat the shit outta him. I'll stomp him the f**k out."

Hardly surprising then that on top of five bodyguards accompany her at all times, Ky's considering installing a panic room in her house.

"She's also got Kris interviewing look-alikes so she can start working with decoys," our source reveals. "A total must now that she gets followed everywhere." ■

Kylie may get a fully equipped bunker installed

Justin Bieber's picked up plenty of haters over the years, but the singer's fear that people are out to get him is going through the roof – as is his security bill!

An insider tells *NW* that hate mail and death threats have amped up the star's paranoia so much that he's hired a team of muscle at an annual cost of \$2.1 million!

"Justin has three full-time military-trained bodyguards by his side constantly, but that's just the start," the source spills. "When he's travelling, that doubles."

But while it seems over the top, Justin, 21, sees it as cash very well spent – and besides, he has reason to be fearful!

"Justin's paranoia went into overdrive a couple of years ago when two of his stalkers – Mark Staake and Tanner Ruane – were arrested on the way to a meet-and-greet with him," our source continues.

"They were plotting to kill him, then castrate him with a pair of garden shears on behalf of an obsessed fan who's in jail for murder!"

And burly minders aren't the only safeguards the nervous pop prince has in place. Other tricks include creepy disguises, decoy cars and even a posse of fake Biebers!

Sadly for fans, JB's security are also tasked with keeping the ladies at bay! And with the singer Down Under this week for a promo visit, that's sure to break the hearts of a few local Beliebers! ■

MASKS!

Justin's been known to wear gas masks while out and about in London – or has he? A source says Justin's friends also don the creepy garb to confuse stalkers, fans and snappers.

DECOYS!

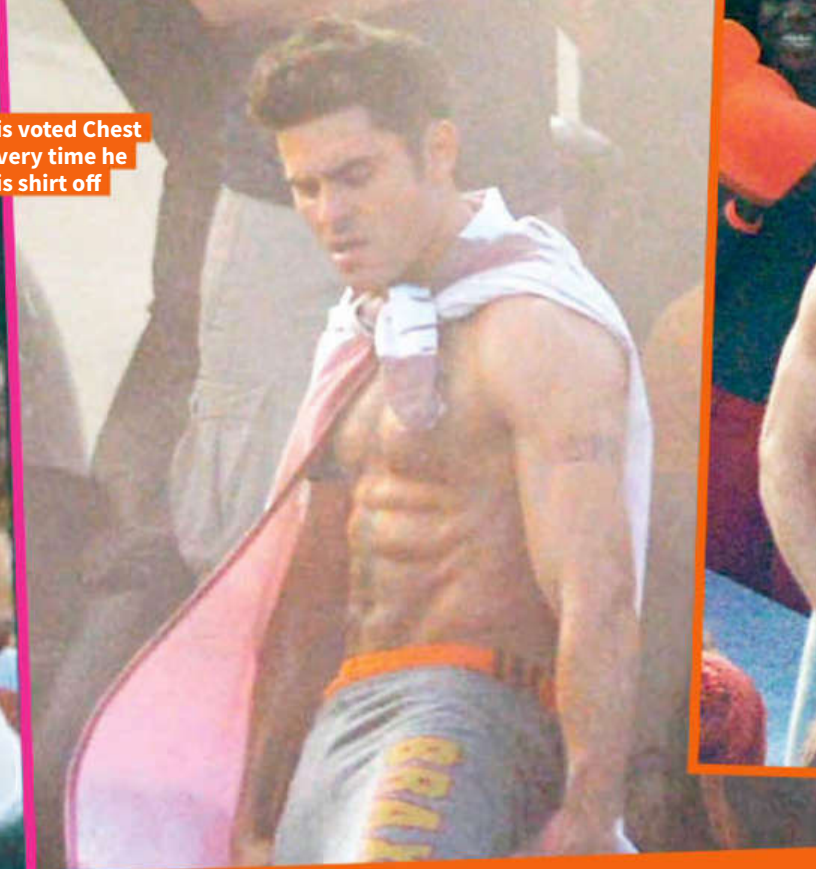

Ten minutes before he leaves the house, a decoy is sent out in one of his cars. "He's got several look-alike actors on standby to step in whenever he needs extra cover," our source explains.

ALARMS!

Justin's \$4.4 million state-of-the-art home security system includes banks of high-tech cameras sweeping every angle and alarms primed to go off at the first sign of trouble.

8 REASONS WE LOVE ZAC

Hint: they're all rock hard and chiselled!

Phwoar! Check out Zac Efron flexing his... mighty acting talent, razor-sharp intellect and totally disarming personality!

The ridiculously ripped super-hunk threw us a bone by losing his shirt on the set of *Neighbors 2: Sorority Rising* in Atlanta, Georgia, last week. And we can think of plenty of ab-tastic reasons why we're

always drooling over him – namely, that killer eight-pack! Then there's the bulging biceps, saucy sprinkling of man-fluff and industrial-strength pecs that could crush a beer can!

"Working out is my biggest hobby," he confesses.

If that wasn't enough to get the party started, 27-year-old Zac whipped off his trackie daks to give us a glimpse of his gorgeous glutes!

But it seems his teeny orange shorts were about as uncomfortable as they look because the hunk had to, erm, adjust himself. Don't you have assistants for that, Zac? No? Where do we apply?! ■

DADDY DAYCARE

Kanye's hitting the town
– with toddlers in tow!

Sure, he prides himself on being an unparalleled musical genius and potential US President, but in his down time Kanye's just a normal dad. The star showed his softer side by keeping a close eye on his two-year-old daughter North, five-year-old nephew Mason and three-year-old niece Penelope while out and about in LA on September 18. So cute!

"They say it takes a village to raise a child - that couldn't be more true," Khloe Kardashian says of the arrangement. "We all o much fun helping raise each other's kids."

And with hubby taking care of North for the day, six-months-pregnant Kim was no doubt pleased to have some time to herself. But what will she say when she sees that Kanye let North – who's normally groomed to perfection – go barefoot with her mane blowing freely in the wind? "[Kim's] a little more strict with North," confirms Khloe.

But what's turned Kanye into such a big ol' softie? Perhaps being back under the same roof as momager-in-law Kris Jenner explains his need to flee the house!

"[Kim] and Kanye and North actually moved back in with me because they're working on their house again," Kris reveals.

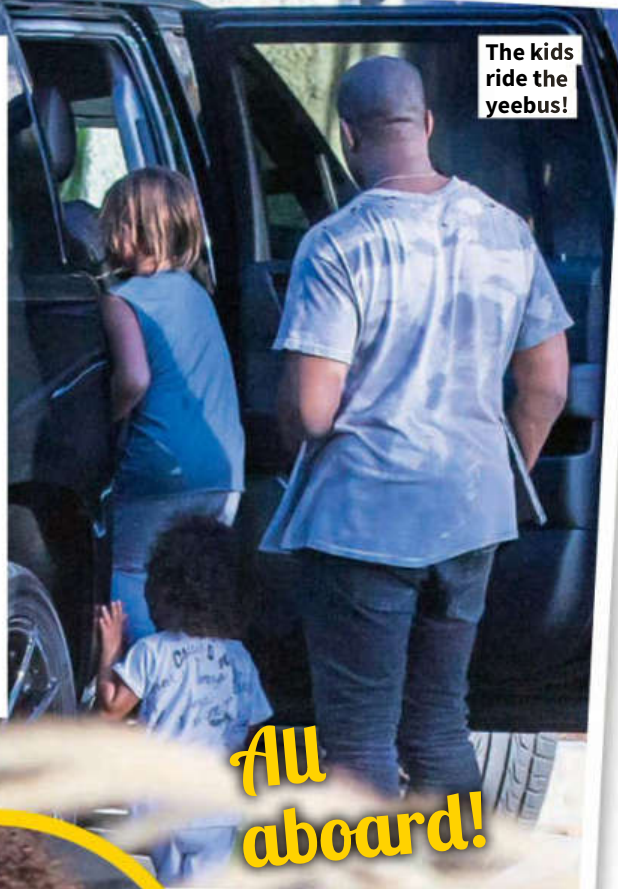

Or maybe he just wanted to walk off the 6kg he says he's gained by skipping workouts and sharing treats with Nori.

Don't worry about it too much, Kanye – we're sure she adores her daddy being that little bit cuddlier! ■

This week's **BIG** QUESTIONS

Cheat's guide to the goss!

Putting the hunk in chunk!

1 IS R-PATZ GROWING A BELLY?

He's one of the world's most swooned-over men, but *Twilight* babe Robert Pattinson isn't body confident! In fact, Rob's confessed he had to vaycay in a secret location because he was scared of baring his belly.

"I'm so glad about the vanity required in this job because if I didn't have to stay in shape, I'd be such a fat arse," the 29-year-old spills. "It used to be that I could start working out four weeks before a job and it would be totally fine. Now? Nothing happens! I had to go on holiday to an extravagant secret location this year because I was afraid of someone photographing my gut."

We still love you, Rob – dad bod and all.

HAS KIM FINALLY DITCHED THE HEELS?

Kim Kardashian hasn't let her pregnancy get in the way of her obsession with skyscraper heels – until now!

Mum-to-be Kimmy has sidelined the strappy Louboutins, no doubt due to painful-looking indents she's rocking on her swollen feet.

Conceding defeat, the pregnant star – who's due to give birth in December – swapped her go-to stilettos for comfy slippers in San Diego last week.

And this isn't the first time pregnancy swelling has left the

star's tootsies looking worse for wear.

"Swollen feet or a new Givenchy tattoo?" the 34-year-old captioned a photo of her cut-up feet after wearing cage heels while pregnant with daughter North, now two.

But given that not a lot gets between Kimmy and fashion, we can't see her shuffling in slippers for long.

3 DID CARA & ANNIE JOIN THE MILE HIGH CLUB?

They were all over each other at London Fashion Week's Burberry show, but that was nothing compared to what Cara Delevingne and girlfriend St Vincent – aka Annie Clark – got up to on their transatlantic red-eye flight!

The couple were jetting from LA to London's Heathrow Airport when they gave fellow passengers some saucy inflight entertainment.

"The girls were really PDA'ing," says a witness. "They couldn't keep their hands off each other while they were kissing."

Cara, 23, and Annie, 32, then slipped into a toilet cubicle for 15 minutes!

"They reappeared looking pretty dishevelled," the insider adds.

FLASHBACK!

5 IT COSTS HOW MUCH TO GET HALLE'S BERRIES?

Halle Berry's sworn off plastic surgery, but that doesn't mean she doesn't spend a small fortune to keep her boobies bouncy! The soon-to-be-50-year-old reportedly drops a lazy \$14,000 on her breasts – not literally, of course! – every month.

"Halle has resurfacing and vein treatments," a source reveals. "Plus she uses Crème de la Mer on her neck, chest and cleavage. Then there's [firmness] boosting cream and exfoliation, plus she does loads of push-ups and chest-strengthening exercises."

And by the look of things, it's money and time well spent!

4 IS KARRUECHE SEXTING ROB?

Not only is reclusive Rob Kardashian getting his health back on track, but he may be dipping his toes back in the dating pool – with Chris Brown's ex-girlfriend Karrueche Tran!

The 28-year-old shared a screen shot of his text chat with the model, captioned, "I like when she send me pictures."

While followers took this to mean only one thing, Rob backtracked by deleting the Instagram post and denying romance rumours, writing, "Ya'll dumb af. I been friends with Karoooooch since high school. F**k outta here with your negative shit."

And according to an insider, the 27-year-old was just showing Rob how swollen her jaw was after having her wisdom teeth out. Hmm... we're not convinced!

This week's **BIG** QUESTION

Cheat's guide

THEN

NOW

WILL **COURTENEY** STOP THE SURG?

Sure, Courteney Cox wants to look her best at her upcoming wedding to 39-year-old Snow Patrol muso Johnny McDaid, but the star's worried friends are urging her to back off the botox! "She's had some major filler work done and it's not settled down yet," says our exclusive source. "She's totally overdone it. Even she's beginning to realise she's gone too far, but there's no going back now." It's time for the 51-year-old to step away from the needles!

WHAT'S WITH **J.LO'S** BABY FRINGE?

When it comes to making huge fashion statements, Jennifer Lopez isn't shy – who could forget *that* plunging Versace neckline at the 2000 Grammy Awards!

But when she rocked up to the iHeartRadio Music Festival in Las Vegas recently, all eyes were on her fringe, not her frock. Yup, gelling down your baby hairs to your forehead will do that to an audience!

While we take our hat off to the 46-year-old for trying out such a bold new look, J.Lo sadly didn't carry it off with the same finesse as our fave kookster FKA twigs.

Forehead pubes, be gone!

8

WHO'LL WIN THIS SCREAMING MATCH?

Not happy to be playing second fiddle to headliner Emma Roberts in *Scream Queens*, Lea Michele has been making her displeasure well and truly known.

With her demands for more screen time ignored, diva Lea, 29, is lashing out at Emma, 24, who's not taking it lightly!

"They're at each other's throats," says an insider. "Things got so bad, a producer had to step in and pull them apart!"

'She's had other work done too, including a mini face-lift and her usual skin laser therapies,' says a source

ARE YOU LOST, MARY-KATE?

Swapping designer gear for daggy duds, Mary-Kate Olsen cut a decidedly non-fashionable figure when she popped out to grab some fresh vegies at a farm stand in the Hamptons recently.

Sporting baggy jeans, an oversized tee and a big woollen jumper tied around her waist, the 29-year-old hesitated over which punnet of tomatoes to snap up before returning to her beach house.

The fashionista's outfit wasn't all bad, though – she did glam up her casual attire with a pair of sparkly drop earrings.

Thank goodness, darling!

9 WHY ARE TOMKAT BACK IN COURT?

Three years after she pulled the plug on their marriage, Katie Holmes and Tom Cruise are headed back to court! Apparently there's a clause in their divorce settlement that says after three years, Katie can renegotiate her child support payments to comply with her circumstances.

Taking into account nine-year-old Suri's increasing financial needs and the fact she's raising her solo – with Tom hardly seen in public with his daughter in the past two years – Katie, 36, has decided to make her ex pay!

"She's going to ask that the \$400,000 [AU\$570,000] a year in child support she currently gets be amended to a higher amount," an insider tells *Life & Style*. "Katie's preparing for a courtroom showdown to make sure she gets the money."

She's always been fond of a tipple or two, but these days Jessica Simpson appears to be permanently blitzed!

After arranging a two-hour appearance on the Home Shopping Network on September 17 to mark the 10th anniversary of her \$1 billion fashion empire, Jess could barely string a sentence together once the camera's started rolling.

As a result, TV execs were forced to deny the starlet had been drinking on the job, insisting her strange behaviour was down to the stress of live TV.

After hitting the stage with the Hollywood Vampires – the new supergroup featuring Alice Cooper, Johnny Depp and members of Aerosmith and Guns N' Roses – at LA's Roxy Theatre, Kesha, 28, emerged in the early hours of the morning looking more than a little worse for wear.

Worryingly, it was only last year that the *Die Young* hitmaker – who was accompanied by her boyfriend Brad Ashenfelter on the boozy night out – attended rehab for what's believed to be alcohol and body-image issues. Now, as her lawsuit against producer Dr Luke rumbles on – preventing her from releasing any new material – those close to the singer fear a relapse could be imminent.

about a grey... that's like... sexy," the noticeably wobbly star slurred.

Unsurprisingly, fans were quick to notice her altered state, taking to cyberspace to slam her "drunk" and "wasted" behaviour.

"Jessica seemed to have difficulty balancing, speaking, describing her clothes, etc," wrote one viewer, while another complained, "Isn't it the duty of the producer(s) to prevent such a ridiculous situation? She ought to have been told to 'go sleep it off' and let the show go on without her."

And it seems the 34-year-old was sozzled again just four days later during an LA date night with hubby Eric Johnson!

Video footage from the evening shows the unblinking star being helped into a waiting car following a five-hour session at West Hollywood restaurant Craig's.

And who could forget her garbled, giggly interview on *Extra* back in March?

"This is so worrisome for her loved ones," reveals an insider. "Her husband Eric as well as her mum try to discuss it – but Jessica refuses to admit she has a problem."

"The Jessica that the public are seeing during these appearances is the Jessica her family and closest friends see every day," says the source, adding that her loved ones hope this latest gaffe will embarrass her into seeking the help she needs.

Ireland's off the wagon

Things got messy in New York on September 14

They split right before she checked in for a three-week stint at Malibu rehab unit SOBA in May, but it seems Ireland Baldwin and her rapper ex Angel Haze have reunited and the booze is once again flowing!

Yep, rather than remain at home and continue her treatment – which she claimed was for "emotional trauma", despite insiders insisting it was "intense partying" – Ireland let her hair down with Angel at a New York Fashion Week bash.

Fun only ended when the 19-year-old was spotted staggering on the street before Angel, 23, pulled up in a car to take her home at 2am.

Ireland uses a liquor store sign for support...

'She seemed to have been drinking,' says an eyewitness

Lily lashes out!

Having already dumped her management team and wedding ring, Lily Allen's losing her shiz big-time! The latest in a long line of incidents saw her sobbing on a London street following a boozy altercation with UK grime artist Skepta.

According to onlookers, the drama unfolded when the 30-year-old singer attempted to say hello to the rapper at an Alexander Wang bash, but felt that he "blanked" her. Ouch!

"When he didn't react to her, she lunged at him, attempting to hit him," says a fellow partygoer. "A security guard restrained her. Shortly after, she stormed out in tears."

Stumbling from the London Fashion Week party in the early hours of the morning – with her ex Seb Chew hot on her heels – the mum-of-two did nothing to hide her dishevelled, emotional state. Maybe a few nights off are in order...

Ahhh...

Supermodels have the occasional bad day, too – and we all get to gloat!

We've all seen horrific photos of ourselves that we just can't stand, right?! Well, ladies, breathe a sigh of relief

– it happens to Kate Moss, too!

Taking bare-faced chic to a whole new level, hard-partying Mossy looked a little more haggard than hottie as she cackled up a storm at a Mango boutique opening in Milan last week!

Even though this may not be one of the strongest looks we've seen her rock, it's super comforting to know that without a little help from Photoshop wizardry, fancy lighting and oodles of slap, the 41-year-old supermodel is only human – and she's not afraid to show it!

"I want to live my life in a way that when I get really old, I look back at my life and say: Aaah I lived it, not survived it," Mossy declares.

After being introduced by mutual friend and talent agent Jeff Azoff, 28, last November, the pair reconnected at Harry's 21st in LA in February, where they *really* hit it off! In fact, they've been kicking up their heels together ever since, even making a late-night ice-cream stop at a Baskin

He even had to deny they’d been snapped kissing, insisting the evidence was photoshopped.

Determined to keep us guessing, though, Hazza says when it comes to dating, gender “is not that important”.

And some users say it's even better than Botox, leaving skin brighter and reducing lines.

No wonder stars like Jessica Alba and Nicole Richie, both 34, can't get enough of them!

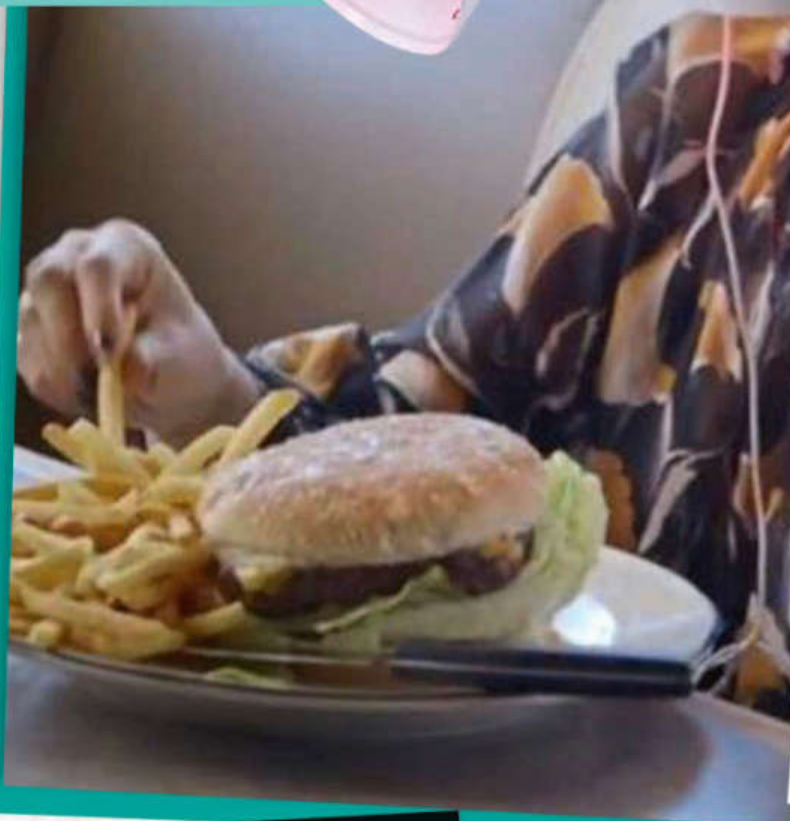

Jess has posted a terrifying Instagram selfie of her Opera LED Galvanic Regeneration Mask session – which cost around \$550 a pop! – while Nicole's been rocking the \$29.95 portable version by illuMask like it was a fashion accessory during the latest season of *Candidly Nicole*.

So how exactly does this Hannibal Lecter disguise work? Using combinations of red, blue and infrared wavelengths, illuMask products claim to reduce inflammation, increase blood flow and boost collagen levels in just 15 minutes a day.

"LED therapy works on acne and also works on ageing because it stimulates collagen growth and minimises brown spots, giving the skin a nice glow," says Paul Lorenc, a plastic surgeon who helped develop illuMask.

And while LED therapy's been around for years, its reinvention as an insanely terrifying face mask allows users to get their trick-and-treat on for Halloween while improving their skin at the same time!

Penelope's cute to boot!

The braids? The boots?
The embroidered dress?
We can't even deal!

Penelope Disick has been melting hearts since 2012, but her latest outing is beyond adorbs. Looking cute as a button from top to tassels, P's following in hot mamma **Kourtney Kardashian**'s fashionable footsteps. As her famous mum chics it up for a quick trip to her LA office, little miss tag-along's a breath of fresh air in her teeny-tiny smock frock and silver and gold animal designs.

The WEEK PICS

'The god of thunder doesn't need a helmet!'

'I can't believe I didn't get the Lance Armstrong role...'

Wheely, wheely hot!

He may be kind of a big deal in Hollywood these days, but local boy **Chris Hemsworth** still knows how to keep it wheel! He's a shirtless sight for sore eyes as he takes his pushie for a spin near his Byron Bay property with wife **Elsa Pataky** and 18-month-old twins **Tristan** and **Sacha** in tow. All that training for *Thor: Ragnarok* – which is about to start filming – has clearly paid off! Check out those guns!

It takes a lot to steal the spotlight in a place as bright as Las Vegas, but **Jennifer Lopez** makes the iHeartRadio Music Festival her own. Despite the high calibre of artists on the bill, including **Demi Lovato, Nick Jonas, Kanye West** and **Jason Derulo**, the 46-year-old – who's just signed on for a Vegas residency – shows she's still got what it takes to conquer Sin City... A greatest-hits set, a cheeky costume and the finest booty in the business!

FASHION
WEEK!

Fashion on the front line

With New York Fashion Week done and dusted, it's time for the stylish folks across the pond to dress up and let their hair down. Of course you'll find **Suki Waterhouse**, **Sienna Miller**, **Kate Moss**, **Cara Delevingne** and **St Vincent** sitting front row at Burberry. **Poppy Delevingne** and **Alexa Chung** hit up the Topshop show, while **Lily Allen** plays hide and seek next to the Vivienne Westwood catwalk. **Irina Shayk** walks for designer **Donatella Versace**, **Lindsay Lohan** catches Gareth Pugh's show – before getting trapped in an elevator on the way out – and **Georgia May Jagger** and **Drew Barrymore** get shady at a Sunglass Hut event. Rule, Britannia!

The WEEK PICS

It took a lot of mineral water to fill the pool but it was worth it...

'Now if I can just pitch this tent! Grrr!'

'Is the crazy bottle lady still following me?'

Beachin' hair, Ashley!

Pretty little boho babe

Ay caramba! Mexico really is the hottest place on earth, judging by the sight of **Ashley Benson** soaking up the rays and admiring glances in Tulum. The *Pretty Little Liars* star is taking a well-earned break before wrapping up filming for Season Six of the hit show. And although she seems to be wearing Heidi Klum's two-piece (see p90), she's totally holding her own thanks to that babin' bod!

'Well...OK, but be gentle with them'

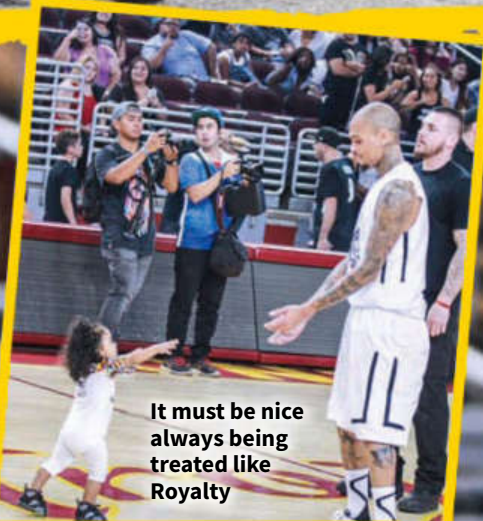

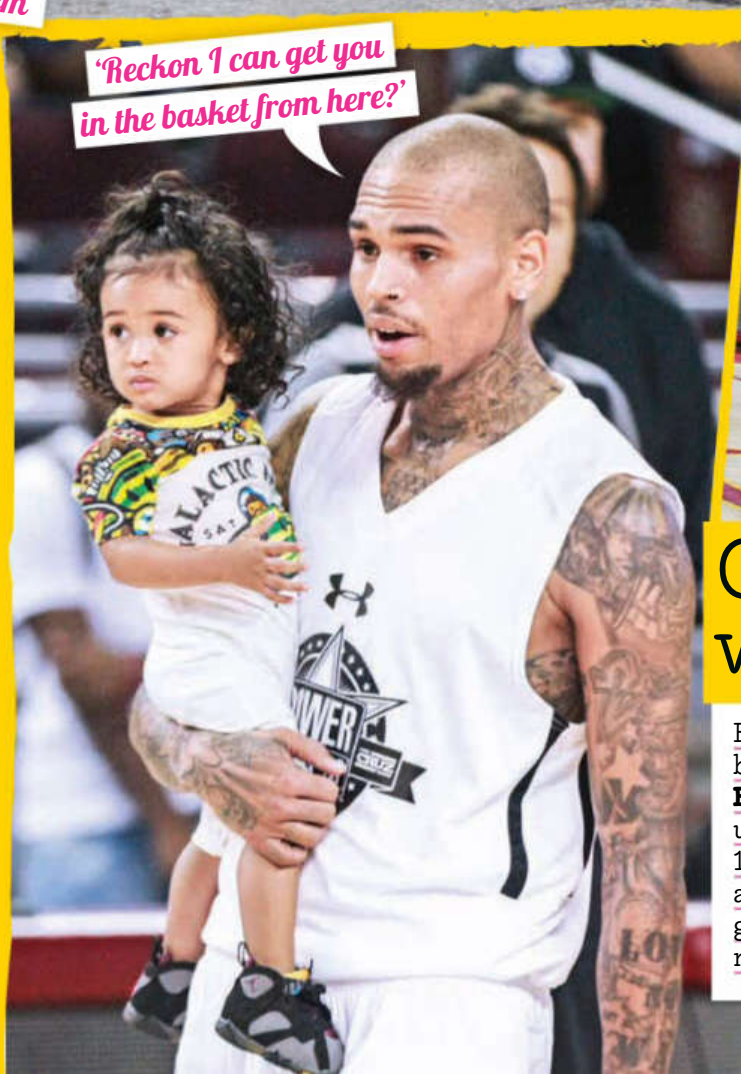

SJP's braidy bunch

No-one does school-run chic quite like **Sarah Jessica Parker**. Even in trackies and clogs, the *Sex And The City* star looks a treat as she rushes around New York with twin daughters **Tabitha** and **Marion**. The busy beauty even finds the time to braid the girls' hair. Just how she manages that while still getting them from A to B in time, we have no idea! Supermum much?

'Dreads are so hot right now'

'Reckon I can get you in the basket from here?'

It must be nice always being treated like Royalty

Chris's date with Royalty

He's not exactly what you'd call boyfriend material, but **Chris Brown** is proving he's one stand-up dad. The proud papa takes his 16-month-old daughter **Royalty** as his date to a charity basketball game in LA, where they bust a few moves on the hardwood. Cute!

Not even this Frankenrock can disguise the model's frail frame

Frocks and SHOCKS!

Emmys special

Forget the awards – the Primetime Emmys are all about Hollywood's hottest going head-to-head in the style stakes. Check out who rocked the ruby rug and whose frock flopped!

Spaghetti straps only highlight Heidi's bony back

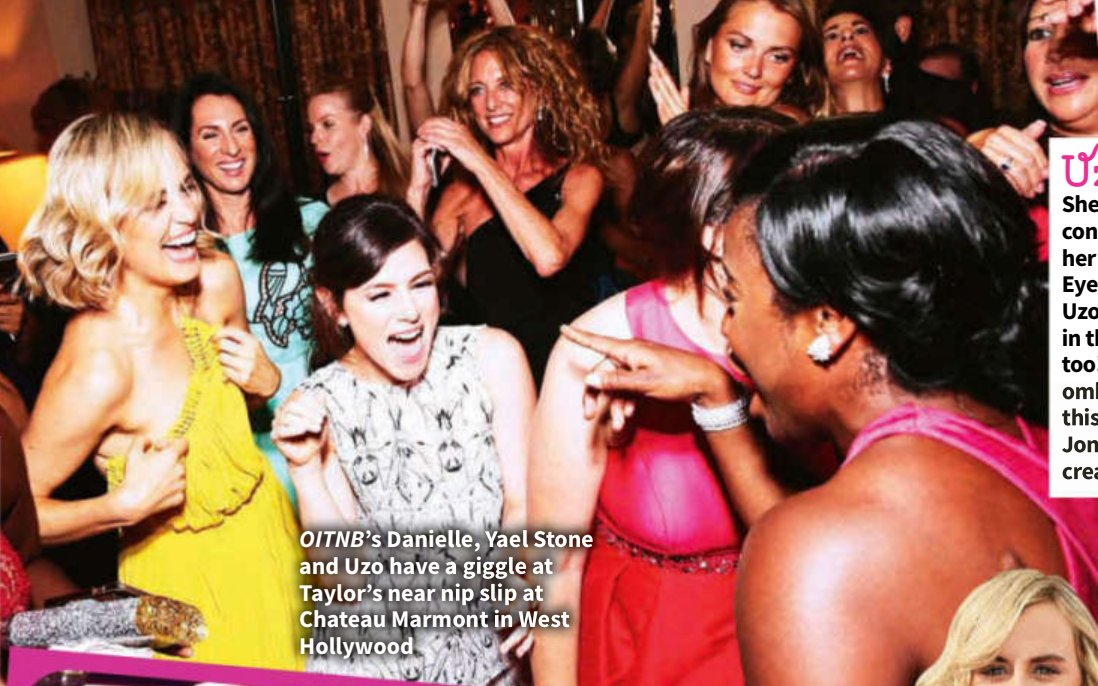

Heidi Klum

We can only assume Heidi was so torn between three different Versace creations that she decided to wear them all at once. It's the only logical explanation for this lemon disaster! Three wrongs don't make a right, girlfriend.

Orange Is The New Black's Natasha Lyonne, Samira Wiley and Lea DeLaria hit the Netflix Emmys afterparty

Claire Danes

The *Homeland* hottie – who was nominated for her role as Carrie Mathison in the hit drama – scores a home run in this purple Prada number. The chunky chain detail and sequins are seriously on-point!

OITNB's Danielle, Yael Stone and Uzo have a giggle at Taylor's near nip slip at Chateau Marmont in West Hollywood

OITNB's Laverne Cox and Kate Mulgrew get their selfie on during ad breaks

Uzo – seen above with her sister Chi-Chi – gets all emotional after scooping up the gong for Outstanding Supporting Actress In A Drama

Taylor Schilling

Yellow is the new black for Taylor, who kills it in this asymmetrical Stella McCartney masterpiece. While her girlie curls and red lips say, "Old Hollywood glam," the earrings and deep hem scream, "I'm here to party!"

Uzo Aduba

She won her second consecutive Emmy for her portrayal of Crazy Eyes in *OITNB* – and Uzo was a big winner in the style stakes, too! The navy blue ombre detail gives this classic pink Jonathan Cohen creation a fresh feel.

Danielle Brooks

The *OITNB* actress looks mighty Taystee (geddit?) in this multicoloured Christian Siriano get-up! The halter detail flatters her fuller figure, while the nipped-in waist gives her a beautiful silhouette. Tick!

The girls sure aren't in the '60s any more!

FROCKS & HOCKS!

my special

Derek Hough can't resist tugging on sister Julianne's train while walking the ruby rug. Play nice, kids!

January Jones

She's not afraid of taking a risk with her red-carpet fashion and Jan's emerald green '70s-inspired Ulyana Sergeenko jumpsuit is yet another one that pays off. Bravo!

Elisabeth Moss

With her pink frock and newly blonde locks, Elisabeth could be a modern-day Marilyn Monroe. Sure, the overall look might be a little on the safe side, but she's gorgeous, so who cares?!

Despite picking up his first-ever Emmy for his role as Don Draper in *Mad Men*, our spy says Jon Hamm was "misery personified all night" without his ex Jennifer Westfeldt. Following their recent split after 18 years, Jon dedicated his win to Jen, gushing, "I would not be here without you."

Christina Hendricks

Your eyes are up where, Christina? The *Mad Men* star's metallic Naeem Khan gown clings perfectly to every curve as we simply can't look away. Yowzas!

Giuliana Rancic

Giuliana's embellished mermaid-tail gown is the stuff of bridal dreams! The red-carpet host completed her sparkling look with so many Forevermark diamonds they needed their own security detail. #jewellerygoals

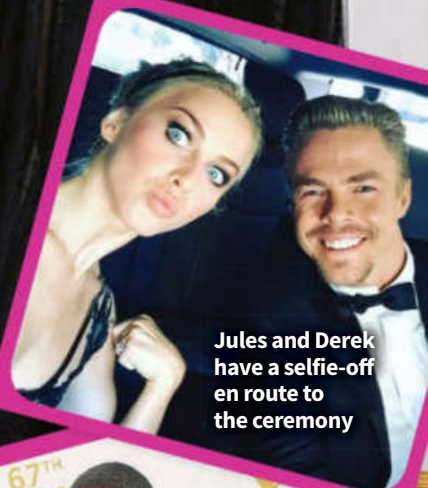

Maggie Gyllenhaal

Granted, Maggie's Oscar de la Renta gown isn't everyone's cup of tea. But the black bustier is the right side of sexy while the purple skirt is a playful take on ballroom glamour. Well played, Mags!

Julianne Hough

When you're as stunning as Julianne, can totally get away with wearing kinky underwear with a tulle overlay and calling it a dress! The newly engaged dancer's fit and fierce in Marchesa – even with that matchy-matchy headband.

Jules and Derek have a selfie-off en route to the ceremony

While munching on her third slider at the Comedy Central party, Amy Schumer almost knocked over an entire tray of fresh burgers. "That would have been a three-second rule moment for me," she quipped.

"I have a black-out scheduled for 10pm," Amy joked

Tracy Morgan made a surprise return to the spotlight following the 2014 road accident that left him with a brain injury. "Only recently I've started to feel like myself again," he told the crowd. "So a lot of you women are going to get pregnant at the afterparty." LOLZ!

"He's like a caveman with her... It's sexy! I love it," *Modern Family* star Julie Bowen says of "primal" Sofia and Joe

Frocks and SHOCKS!

Emmys special

Sofia Vergara

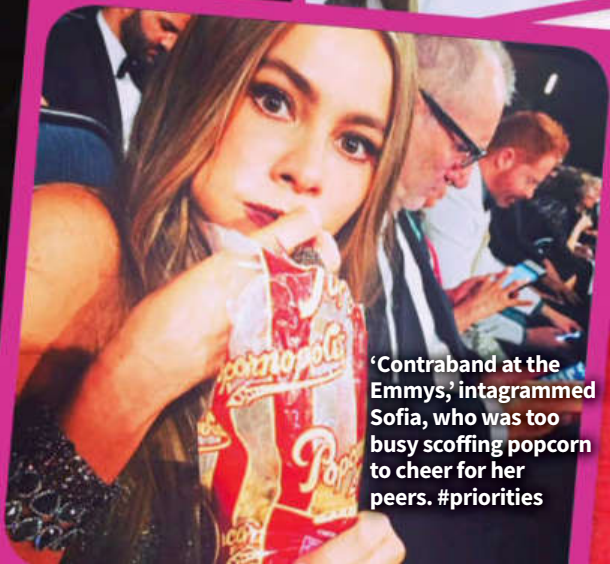

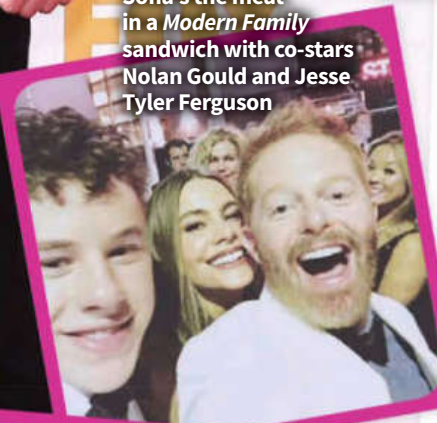

We're sure Sofia looks like an absolute goddess in her strapless metallic gown by St John, but we're struggling to see past her accessories – most notably, fiancé Joe Manganiello. Is it just us or is he getting hotter?

Sarah Hyland

From the top of Sarah's on-trend bob to her Zac Posen-covered toes, we love the actress's super-sleek ensemble! Her beaded burgundy accessories and matching mani round off the look perfectly.

Sofia's the meat in a *Modern Family* sandwich with co-stars Nolan Gould and Jesse Tyler Ferguson

Ariel Winter

She might only be 17, but Ariel's already a red-carpet veteran – as she proves in this strapless Romona Keveza head-turner. They grow up so fast!

From Naomi Campbell and Zac Posen to her co-star Emma, everyone wanted a selfie with Lady G!

Lady Gaga

Don't get us wrong, we love her cray costumes – hello, meat dress! – but when Gaga goes understated, no-one does it better. The singer wows in an asymmetrical gown by her friend and stylist Brandon Maxwell before rocking another of his creations, this time a puffy, white number.

Want more Gaga? She'll soon hit small screens as *The Countess* in *American Horror Story: Hotel*

Emma Roberts

She's a real contender for best dressed in this floaty nude frock by Jenny Packham. The plunging neckline, belt detail and simple box clutch are heavenly choices.

Veep star Julia Louis-Dreyfus works on her guns!

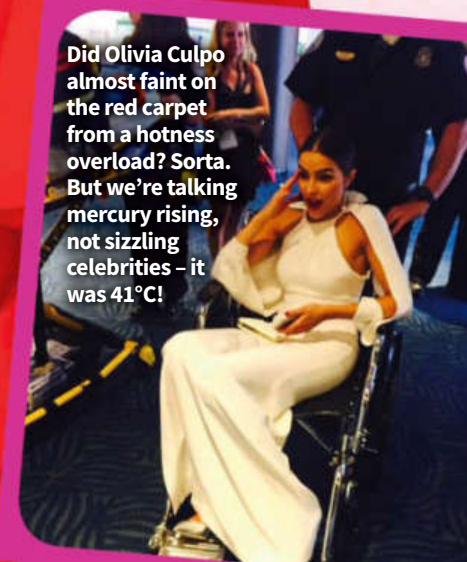

Laura Prepon

This Christian Siriano dress would have been great even without the gold bolero, but it meshes well with Laura's raven locks and holds the look together.

Game of gongs

Game Of Thrones was the big winner, scooping 12 gongs all up and setting a new record for the most Emmy wins for a series in a single year! Not only did the hit show get the nod for Outstanding Drama, but Peter Dinklage – who plays Tyrion Lannister – scored Best Supporting Actor.

Did Olivia Culpo almost faint on the red carpet from a hotness overload? Sorta. But we're talking mercury rising, not sizzling celebrities – it was 41°C!

Knotty but nice

Messy hair has never looked so good!

From messy buns to OTT topknots, the latest celebrity style is tied-up day-two locks. We're talking scraped-back high buns and even the hun – aka the half-up bun all the cool girls are wearing off duty. The key to this look is less-is-more maintenance. It's all about pulling your locks back with your fingers – no brush necessary – and loosely pulling them apart for that undone look. Create dry texture with salt sprays, volumising powders and dry shampoos – and twist or tuck depending on what suits you.

YOUR Stars

The week ahead with **Adele Lang**

Libra SEPT 24 – OCT 23

Any intriguing news you hear this week should be kept under your hat for now – a tough ask for chatterbox Librans! But not everything you hear from a colleague or friend will turn out to be true. A premature proclamation – or accusation – could make you look and feel like a fool.

Capricorn DEC 22 – JAN 20

Someone seems hell-bent on winding you up this week. The trick is not to rise to the bait. Biting your lip, counting to 10 and walking away from situations are all good ways to manage this. Sure, you might get accused of wimping out – but better that than stooping to a bully's level.

Aries MAR 21 – APRIL 20

Although you'll be at your peak socially, you can't afford to take your eye off the ball at work. In other words, enjoy your time with friends, family and suitors but try not to have too many late nights. An employer is relying on you to perform to your glorious high standards.

Cancer JUNE 22 – JULY 23

It's always hard to ditch people or things – especially for you possessive and loyal Crabs. Nevertheless, this week you're implored to do just that. Whoever or whatever is holding you back needs to be let go. You don't have to be ruthless in the process – you just have to be full of resolve.

Scorpio OCT 24 – NOV 22

Although the influence of Venus is leading your heart to people in positions of power, tread carefully. Given your own innate need to have the upper hand, any initial attraction could turn into a battle of wills. For happier endings, consider a meeker, milder admirer in your midst.

Aquarius JAN 21 – FEB 19

Even though you're not so comfortable with professional or romantic praise, try to accept compliments with good grace. While your self-effacing ways should be applauded, others could feel you're being ungrateful – and you don't want to offend some folk right now.

Taurus APRIL 21 – MAY 21

You could be handed the reins in a personal relationship – whether you want to be in charge or not. A partner or parent is looking to you to make the final decision. Even if you're unsure about what direction to take, at least you'll now have a chance to get things moving.

Leo JULY 24 – AUG 23

Tensions at home may force you to seek refuge in work. While this might enhance the chance of a promotion, it's not going to help relationships with partners, family members or housemates. Nonstop socialising is a no-no as well – a serious heart-to-heart is what's really needed here.

Sagittarius NOV 23 – DEC 21

Mars is in danger of making you too gung-ho on the work front. Indeed, your desire to impress employers and peers could end up backfiring. Try not to take on so many projects and avoid crawling to your superiors. A less eager-to-please approach will give you a win in the next seven days.

Pisces FEB 20 – MAR 20

Social connections should help your professional plight this week. You're more likely to score a better-paying job through contact with friends and family than via applications to unknown corporations. You might look good on paper, but you'll shine through real-life networking.

Gemini MAY 22 – JUNE 21

Thank your lucky stars! Illness or injury should be a thing of the past. If you still have niggles or twinges, make small tweaks to any diet or exercise plans presently you're following. This might seem a little tedious at first, but you'll notice the benefits soon enough.

Virgo AUG 24 – SEPT 23

Neptune's on the back foot again, meaning a partner or suitor could find you unnervingly aloof. The question you need to ask is why you're coming across cold and distant. Are you worried about something other than affairs of the heart? If so, provide some romantic reassurance.

The BIG NW turn on

Drew's BACK!

Our favourite
wild child
opens a new
chapter!

Thanks to her role in Steven Spielberg's out-of-this-world-popular 1982 flick *E.T. The Extra-Terrestrial*, **Drew Barrymore** became a household name at just seven years old and has been living her life in full view ever since.

Following a turbulent childhood – which included stints in rehab before she'd even turned 14 – Drew bounced back onto our screens and into our hearts with flicks like *Never Been Kissed*, *Charlie's Angels* and *50 First Dates*.

Now having just turned 40, the actress, producer, make-up mogul and winemaker – yep, she's created her own pinot grigio with California winery Carmel Road! – couldn't be happier.

"It's perfect, I love being 40," says the star, who's now mum to daughters Olive, three, and Frankie, 18 months, with husband Will Kopelman. "I've always felt not my age, and now I feel my age."

And to go with her perfect age, Drew has the perfect new film in *Miss You Already*, the hilarious yet heartbreaking story of lifelong besties Jess and Milly (**Toni Collette**), whose relationship is put to the test when Milly discovers she has breast cancer and Jess faces motherhood for the first time.

"This [story] is such a celebration of life," the actress explains. "Lifelong friendship takes so many extraordinary things – it's birth, it's death, and that's what's all in this film somehow in the most unheavy-handed way."

Well, with all that she's been through, we reckon Drew's just the person for the job!

Rise of AN EMPIRE

We're so obsessed with *Empire* that we've been ditching our mates to binge-watch the box set! So you can imagine how stoked we are that the saga of drug dealer-turned hip-hop mogul Lucious Lyon (**Terrence Howard**) – whose family fight for control of his company Empire Entertainment – is

back for a second season.

Asked why *Empire* is so addictive, co-creator **Lee Daniels** says it's all in the ingredients: "There's fashion! Sex! Intrigue! Fights! Catfights!"

Here are three other reasons why you'll be hooked...

**Empire Season Two Premieres
Tuesday 9.30pm Eleven**

1 THE SOUNDTRACK
Obvs! With hip-hop tracks by **Juicy J**, **Pitbull**, **Ne-Yo** and vocals from cast, as well as production by **Timbaland**, the music is bangin'!

2 THE FASHION
Lucious's ex Cookie (**Taraji P Henson**) glams it up in leopard-print mini-dresses, gold Versace pantsuits and more tassels than a burlesque troupe's wardrobe! It's '80s, but, like, good '80s.

3 THE EYE CANDY
Babe alert! **Rafael de la Fuente** left in the middle of Season One, but his character Michael will be back to disrupt ex Jamal's (**Jussie Smollett**) life in all the right ways.

DREW'S BIG MOMENTS

AGE 7

Drew played Gertie, the mischievous five-year-old who grows to love her brother's alien BFF.

AGE 20

The wild child celebrated David Letterman's 52nd birthday by jumping on his desk, doing a sexy little dance and flashing her boobs at him!

AGE 25

She starred in and produced *Charlie's Angels*, the action-comedy hit that put her well and truly back on the movie map.

AGE 37

A pregnant Drew married art consultant Will – the father of her cutie-pie daughters Olive and Frankie – at their home in Montecito, California. Aww!

5 minutes with Rose Byrne

DVD

Only **Rose Byrne** could make being a Bulgarian nuclear-arms dealer look so damn hilare!

Yep, we're pleased to say the 36-year-old isn't scared to go the extra mile for a laugh in *Spy*, a LOL-athon James Bond spoof directed by **Paul Feig** – the brains behind *Bridesmaids* – and co-starring funny lady **Melissa McCarthy** and hunky Brit **Jason Statham**.

"It's funny what you do for a laugh... I even surprise myself," Rose says. "Sometimes it's only afterward that you think, 'Oh dear... Maybe Dad shouldn't see that one!'"

What was it like acting in a spy movie. It's a real love letter to those classic [Bond] films. Paul's put his spin on it and it's really genuinely hilarious. I saw a screening recently and they were laughing so hard, you'd miss the next joke because everybody was laughing! **This is the second time you've worked with Melissa McCarthy – is she just the best?** Melissa couldn't be sweeter. She's from

the Midwest. She's a very polite, kind and friendly person. When you're on set, you just try to keep up.

So is it time to kill the myth that women aren't funny? Can we? Can we? I would appreciate it. It's dull. Paul just breaks conventions. He loves women. I'm going to be grateful for the day we're not talking about that.

What's your favourite scene in the movie? When **Jason Statham** is hiding in the dark in Melissa's hotel room, reciting some very hysterical spy pursuits that he's achieved. That for me is the funniest scene.

Spy is out Wednesday on DVD, Blu-ray & Digital HD

Sarah's girl crush

'Sofia is soooo hot!'

The *Modern Family* cutie is just as obsessed with her co-star as we are!

Sarah Hyland would be a hoot and a half on a night out! Whether she's tripping up on stage at the Teen Choice Awards or chowing down on pizza while working the red carpet, this kooky babe is always good for a laugh.

She's also managed to remain totally grounded since shooting to fame as Haley Dunphy on *Modern Family*, and keeps things super low-key with her hottie *Vampire Academy* co-star boyfriend Dominic Sherwood.

But what we wanna know is, given her love of fast food, how does the 24-year-old star manage to look so hot *all* the time?

"Spanx!" she spills to *NW*. "I always wear Spanx. Everyone does, despite what they might say."

We caught up with the sassy pocket rocket, who was happy to dish up some red-carpet secrets and fill us in on her fella, fave foods and being in Tay's squad...

You looked incredible on the Emmys red carpet! How do you decide what to wear to these events? I just go with my gut. If I see something I love, I'll go with it and nobody will change my mind. **You even managed to nail it when you were munching pizza! What's that all about, by the way?** It's something my friend and I started a while back. It's gone from her bringing me cookies to eat on the red carpet to popcorn and now

pizza! It's wonderful. When we did it at the SAG Awards it was such a big deal it was trending, which is crazy! I love pizza – or just about anything else I'm told I shouldn't eat.

It certainly doesn't show on your skin! What's your top beauty tip?

Moisturise, clean your skin properly and take care of your face.

What's it like to work with megababe

Sofia Vergara? She's incredible and hotter than ever right now with Joe [Manganiello] by her side. I just find myself staring at her because she looks so hot!

We can't wait for Season Seven of *Modern Family*. Did you know it would be such a massive hit?

I didn't expect it but as an actress you always hope for it. It really is amazing to see how many people love the show all around the world. And it's gone so fast! I was 18 when I started and now Ariel, who plays my little sister Alex, just turned 17. It's weird to think she's almost the age now I was when I started on the show.

Your boyfriend Dominic is in Taylor Swift's video for *Style*. Are you guys in her squad?

Yes, I'm friends with Taylor. She's amazing and so talented. But we've all been friends for a long time and it just so happened that she had him in the video. It's great!

You've had so much success from a very early age, yet you've never gone off the

rails. What keeps you

grounded? My family and friends, but also I've always been a hard worker with a strong work ethic. Acting is my biggest passion and I still love it so much. I'd rather go to work than go out for a drink.

So what do you do to chill?

Not a lot! I'm pretty boring. I watch TV a lot. I love *Game Of Thrones*, *New Girl*, *The Walking Dead* – all those shows. In the hiatus on *Modern Family* I go home to New York to see my parents – and eat a lot!

Natalie Conway 'I'D RUN AWAY WITH JAMIES!'

The stunning *X Factor* contestant has a close connection with mentor Mr Blunt

Gorgeous *X Factor* hopeful Natalie Conway lives for dance music and since her mentor James Blunt has a villa in Ibiza, it's no wonder she wants him to whisk her away! "I'm so jealous! I was hoping for the home visits that we might actually be going to Ibiza but that was wishful thinking," the 31-year-old tells us. "I'd love to think an invite is on the cards but he hasn't made that offer yet!"

And while handsome over-25s mentor James, 41, is happily married, we're starting to wonder if Nat might have a little crush on the super successful Brit singer!

"I'm so pleased he's my mentor. There's something about James's personality that resonated with me," she adds. "He is a little quieter [than the other mentors] but when he does speak you can tell he's been listening and what he comes back with is gold. He's got such a wicked sense of humour as well."

And don't we all love a guy who can dish up the LOLs!

Blunt comebacks

Snez and Sam only have eyes for each other

Snez & Sam LOVED-UP... FOR NOW

Snez is terrified she'll lose Sam

Dining with friends at a Melbourne eatery just after *The Bachelor* wrapped, Sam and his chosen lady Snezana could barely keep their paws off each other on their very first public date!

But while outwardly they look besotted, sources tell NW that Snez is worried they won't make it past the honeymoon period.

The gorgeous mum-of-one is said to be freaking out about how they're going to keep the spark alive once the excitement is over and normal life takes hold.

"Sam is about to open a new gym, so work has to be his priority," says a mole. "And Snez already has her work cut out for her, juggling being a mum with study and work."

Meanwhile, with Sam in Melbourne and Snez in Perth, they have to keep it going long-distance. .

"They definitely made the most of every second they were together and barely left their hotel room," says the insider of their most recent Melbourne rendezvous. "But now the reality of

the situation has kicked in she's started to panic."

As our exclusive photos show, their chemistry is off the scale. However, frisky Sam's connection with Lana towards the end of

The Bachelor is also causing Snez serious heartache. "It hasn't helped that she saw how hot things got with Lana on screen just before he told Snez that he was in love with her," adds the source.

Uh-oh, looks like Snez is a feeder...

...and Sam's a feeler. It's a perfect match!

"It sent a confusing message – and she's not happy that Sam called Lana to apologise after filming stopped, either." It doesn't sound like there'll be any *Bachelor* reunions any time soon!

Jacinda has not only found love with muso Guy Elsom, she's also become quite the artist!

Chirpy Sandra has put all that energy and banter to good use by becoming a flight attendant.

HEATHER'S GOT A BOYFRIEND!

Heather is dating handsome actor Andrew Steel! "There is man, a human of interest," she reveals. "He's quite sexy. Yes, yes, he is lovely." It also looks like she's got a great TV career ahead after co-hosting *The Project*.

BRANDI snaps!

Ask an honest question, get an honest answer from NW's straight-shooting agony aunt Brandi Glanville!

Dear Brandi, I introduced my BFF to my boyfriend-at-the-time's best mate. But now my boyfriend has turned out to be an a-hole and dumped me. I know my friend only wants to have sex with my ex's friend, but the thought of her going to his place (he and my ex live together) makes me uncomfortable. What should I do? Should I tell her unless it's serious, she should leave it? I have a suspicion that she's been seeing him and not telling me. Michelle, via email

She needs to start banging him at her place! Easy fix. Or you can buy her a vibrator and tell her it's time to move the eff on. Hanging out with a friend's ex is against girl code. Why is she lying to you – are you being a negative Nelly because you've got the break-up blues? Trust your friends or get new ones.

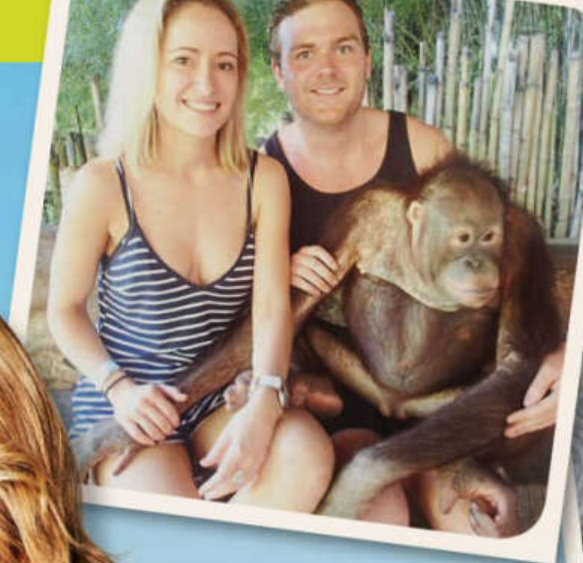

Hi Brandi, I've been with my partner for three years, but because he's been married before, we never talk about marriage. We talk about kids and our future, but marriage is a no-go area! I'd like to get married one day – should I ask him? Would that be an empowering thing to do or should I wait for him to ask me? Should I drop hints or ask him outright if he's going to ask me one day or not? Claire, via email

You have a couple options here. Some good, some not so great. Option one – be patient and live in the present. You don't need a piece of paper to define whether or not you're committed. Plus, he's probably shy after going through a divorce already. Option two – fake a pregnancy scare and see how he reacts. That'll tell you all you need to know. Option three – ask him to marry you, but it's a gamble as men like to be the chaser.

"You should have put a ring on it!"

Ask Brandi anything... Yes, ANYTHING! email us at NW@bauer-media.com.au

Big Brother 'We're

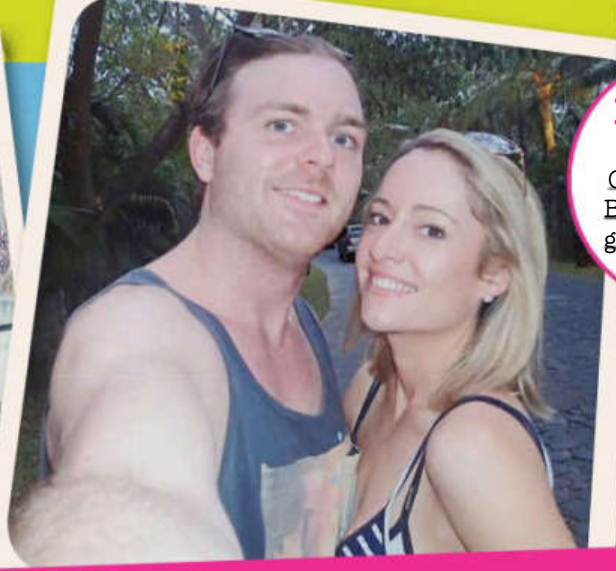

Yep, you remember *that* TV affair. Now, Clawson break their silence and they're talking marriage!

One year after they did the dirty on his girlfriend-of-five-years Candice – on national TV! – *Big Brother's* Cat Law, 32, and Lawson Reeves, 24, are ready to set the record straight exclusively to NW...

Goodbye, Candice – hello, Cat...

Candice (right) has wanted nothing to do with Lawson since the humiliation he put her through on last year's *Big Brother*. Hey, even those not emotionally involved found Clawson's OTT PDAs a little cringe-worthy...

Loved up abroad

Clawson's recent Bali getaway was great honeymoon practice!

s Clawson - one year on...

e still together!'

You guys caused quite a stir. What was the reaction like when you left the house?

Cat It was quite mixed. There was a lot of support with people telling us to follow our hearts but there was a lot of anger, too. I struggled to cope with all the negativity. It's so hard to not let it in and that took some time. I had to go and see a therapist, which I've never had to do before. It was a really rough, dark period.

Lawson, were you and Candice together when you entered the house?

Lawson When I

went in, we were together. It was a very rocky relationship and we'd broken up and gotten back together. Before I'd found out that I'd been accepted onto the show, Candice and I basically agreed that if I went on, we wouldn't be together. But then we left it too late to talk and the consensus was we'd talk when I got out and see where we were at. I ended up running out of time and I just had to go. It was left on rocky ground.

What was that first chat with Candice like when you left the house?

Lawson She didn't really want to talk on the phone or catch up. I reached out, but she wanted to move on and put it all behind her, so I sort of had to stop bothering her.

Cat And that's why we decided not to talk about the status of our relationship until now, because everything was so fresh for everyone involved. It was probably too little too late, but we thought if we could keep our relationship out of the media as much as possible we might make it slightly easier for Candice.

Do you regret what happened?

Lawson I regret the way it happened in that Candice got her

heart shattered. I loved and still love her because of everything we went through, particularly me losing my mum. She's such a lovely person. It's just that she wasn't the right person for me and I wasn't the right person for her.

Cat It was one of the hardest situations to live through because you are constantly battling with your emotions - you know something that you're doing is causing someone pain and I'll have to live with that forever. My feelings for Lawson in the house were 100 per cent real and strong - I'd totally fallen in love with him.

Lawson Now that it's been a year, I think it's time to let people know we are together and that we do love each other.

Any relationship highlights?

Cat We went to Bali in June for about 12 days. People would always ask us when we were going to go because we'd spoken about going in the house. I feel like I was more approached in

Bali by Aussies than at home! A lot of people came up to us to congratulate us for making our relationship work on the outside.

And will we be hearing wedding bells down the track?

Lawson We have spoken about getting married. Cat's been married before and has said in the past she doesn't want to get married again and I'm only 24, so we're not in any sort of hurry.

Cat Moving in together will happen at some stage.

Lawson I'm so happy with my life at the moment. Cat's my best friend and she's an amazing girlfriend. We even put together some IKEA furniture without fighting or breaking up, which is a really good sign!

"I'm so excited for my friend Sam! She deserves all the happiness in the world, so I hope she finds it! Meeting the guys for the first time, there were moments she looked like she wasn't sure what she'd got herself into, and then times where she was really engaged. She became more confident as the night went on, but when she saw Sasha she turned to mush! He's definitely a frontrunner. Sam's looking for stability and security, and after having her heart broken, she'll be on the hunt for someone loyal. I can't wait to see who she chooses!"

'It's a no from me'

"David's so full of himself. He gave the game away the moment he met Sam. She asked him why he'd come on the show and he replied, 'I'm here to play the game as best as I can.' Getting to know her seemed an afterthought! He wasn't worried about going home, but kept pushing in and cutting the other boys' grass as he wanted the air time, not Sam's time. He wasn't there to fall in love - he wanted the publicity and exposure. He's certainly handsome, but he has such a tosser personality there's absolutely nothing sexy about him. There has to be more on offer."

BACHELOR HEART MONITOR

Dave

Bogans' hero

"Sam's a bogan - she loves all the Aussie colloquialisms and banter! Dave has all that and she really enjoys her time with him. Whether that translates into a romantic connection, I'm not so sure. But he's cute!"

Justify my love

"Davey is so stressed about the impression he's making, and he keeps wanting to redeem himself, rather than just being comfortable with who he is. He doesn't need to justify his existence all the time - it's off-putting!"

BRITNEY BUSTS A MOVE!

How cute is Britney Spears?! Happily standing in as guest teacher at Rockit Dance Studio in LA recently, the pop star taught a class full of eager young ladies some of her signature moves. "Surprised the girls at @rockitdancestudio today! Thx for letting me take over your class @lenagold! They rocked it," she gushed on Instagram. Somehow we don't think her raunchy albino-python dance was on the agenda...

She plays messed-up Marnie on the hit show *Girls*, but in the real world Allison Williams is kicking major #lifegoals – like her wedding to CollegeHumor.com founder Ricky Van Veen! The couple got hitched on a Wyoming ranch on September 19 in front of their many celeb pals, including Allison's *Girls* co-stars Lena Dunham, Jemima Kirke and Zosia Mamet, as well as Rita Wilson and Tom Hanks, who we hear even officiated the ceremony! “This pretty much sums up my feelings about the whole weekend,” the actress captioned a sunny Instagram snap showcasing her veil. Ah, bliss!

David's got Hart

There aren't many men who could imitate David Beckham, but comedian Kevin Hart is giving it a good crack! In a new spoof video to accompany their H&M campaign, Kevin tries to mimic Becks – by copying his poses, attempting an ice bath and even photographing him while he sleeps – to portray the stud in the fictional *I, Beckham: The Movie*. We'd sooo watch that!

Frosty relations

David isn't too thrilled about being shadowed by Kevin.

REMEMBER WHEN...

...Paris Hilton and Nicole Richie were childhood pals? To celebrate Nic's 34th b'day, Paris shared these sweet throwback snaps, writing, “So many special memories since we were little girls!”

Vogue squared

Kendall Jenner continues to kill it, landing not one but two *Vogue* covers in as many days! After scoring the coveted covers of both the Japanese and French editions of the legendary fashion bible, the model took to Instagram, writing, “2 Vogue covers in 2 days!!! What is life?!” Blessed, that's what!

SIA'S NEW *chandelier!*

She's just moved into a \$6.7 million pad in Los Feliz, LA, but no home of Sia's would be complete without – you guessed it – a chandelier! Yep, we spotted the famously

shy Aussie singer, who's known for hiding behind oversized hats, wigs and veils, picking up the bling for her swish new digs. Planning a little celebratory swinging sesh later, Sia?

RIHANNA'S TOY BOY!

Rihanna's new squeeze, rapper Travis Scott, has a novel way of ensuring she gets as much play time with him as possible – he's given her a limited-edition action figure of himself! Sure, it sounds kinda creepy, but the figurine was simply part of the promo push for Trav's album *Rodeo*.

And RiRi loves it so much she's taken to carrying the pocket rocket everywhere, even dubbing him her "gangsta Action Man"! What a doll...

RYAN BETRAYED!

Poor Ryan Reynolds! In an interview with GQ magazine, the hunky star reveals how one of his oldest friends committed the ultimate betrayal by trying to sell a photo of his and Blake Lively's daughter James. "I don't think he thought he'd ever be caught," the actor says. "[The betrayal] was like a death. It was one of those devastating things to find out."

There's nothing like a crystal chandelier to light up a gal's life!

Can we party with you, Kate?

What do we have to do to join Kate Hudson's squad?! The big-screen bikini babe shared a bunch of happy snaps and videos on Instagram of herself and 11-year-old son Ryder having a ripper of a time launching themselves off the back of a boat – before Kate kicked back with a bag of cheesy puffs and a cheeky bottle of vino! Our kinda girl!

YOU! BRAND PROMOTION

Entertainer Patti Newton is never far from the limelight, taking the grandkids to matinees, then walking the red carpet at night with daughter Lauren.

INSIDER SERIES.

Patti Newton

Let **Youi** take you on a tour inside the daily lives of some of Australia's most intriguing personalities.

PATTI'S DAY LOOKS LIKE THIS...

8am: Patti starts her day with breakfast at home with hubby Bert and granddaughter Lola, before dropping Lola off at kindergarten. Spending time with Lola is one of Patti's favourite things and she relishes having the chance to do so.

10am: Back at home, Patti enjoys a cup of tea while catching up on a few emails and paying the dreaded household bills.

11am: Patti hops in the car and heads off to the hairdressers. For over 30 years Patti has been visiting Edward Beale hairdressing for a little bit of pampering; it's her 'me time'.

12pm: As a special treat, Patti takes grandkids Sam, Eva and Lola to see The Wiggles. The kids wiggle their way through their favourite songs.

6pm: Back at home around the table, Patti and the family enjoy dinner together, they share stories and the grandkids have one last cuddle before heading off to bed.

8pm: Patti and daughter Lauren always have lots of fun together. Tonight it's a black tie event, and they enjoy glamping up for a girls' night out.
